GOVERNMENT OF INDIA
WATER RESOURCES, RIVER DEVELOPMENT AND GANAGA REJUVENATION
LOK SABHA

UNSTARRED QUESTION NO:2126
ANSWERED ON:10.03.2016
Conversion of River Water into Drinking Water
Choubey Shri Ashwini Kumar

Will the Minister of WATER RESOURCES, RIVER DEVELOPMENT AND GANAGA REJUVENATION be pleased to state:

(a) whether any technology is being used for converting river water into drinking water, if so, the details thereof; and
(b) the quantum of river water converted into drinking water and the names of the States getting its benefits, river-wise?

Answer

THE MINISTER OF STATE FOR WATER RESOURCES, RIVER DEVELOPMENT AND GANGA REJUVENATION
(PROF. SANWAR LAL JAT)

(a) State Governments / Union Territories take necessary measures for providing drinking water from different sources, including river water, by using various technologies /processes like pre-chlorination, aeration, coagulation, sedimentation, filtration, disinfection etc.

(b) Details of quantum of river water converted into drinking water by the States are not maintained by the Central Government.
